

Packmate Baggage Policy (Workshop Data)

This document contains fictional Packmate workshop rules.
It is not real airline policy.

1. Explorer customers may bring one cabin bag up to 8 kg.
2. Navigator customers may bring one cabin bag up to 10 kg.
3. Cabin liquids must stay in containers of 100 ml or less.
4. A 150 ml liquid container is not allowed in cabin baggage.
5. Power banks must travel in cabin baggage, not checked baggage.
6. Hiking poles must be placed in checked baggage.
7. One foldable rain jacket is recommended on city trips in wet weather.
8. Oversized baggage over 23 kg requires pre-booking.
9. Medical liquids may need supporting documentation.
10. Always verify final travel rules with your carrier.
